Sandburg Report – Assistant Principal Sean Airola

What PFSA does in conjunction with Sandburg intro and went in to bullet points.

- Great Freshman first day!
- Ice cream social for staff and teachers went well.
- Bus has been a struggle, working on it. Tardie's are starting to decrease.
- New A/C in blue and gold gym, ventilation in pool area and new signage. Water tower newly painted.
- Working on community presence and unity. Dr. Nolting and administration are getting valuable pieces for framework.
- Attendance matters!! 95% is equal to GPA increasing. Co-curriculars up the GPA and is an important piece bringing investment to the school. Currently 70% but the school is aiming for 95-100%! We have 72 different clubs, there is something for everyone.
- Events throughout the school year, Sandburg is looking to partner with PFSA to make the best experience possible at Sandburg. Also asking for parent help with suggestions for seniors to feel special as this is their last year.
